

LA SPEZIA,
March 14th, 2025

Dear Valued Customer,

La Spezia Container Terminal (LSCT) wishes to further inform its valued customers of the status of civil works alongside Fornelli EAST berth.

With current week (11/2025) now coming to an end, LSCT is pleased to confirm what previously advised in the last advisory, that is conclusion of the refurbishment campaign and return to full berth infrastructure capacity on Sunday March 16th. This in turn marks completion some 7 days in advance compared to initial program scheduled with Port Authority and works execution contractor.

Endorsed in the formal resumption of all contractual undertakings from Week 13/2025.

LSCT in turn wishes to express appreciation towards all stakeholders, starting with its customers, with whom terminal has jointly endured the inconvenience that such civil works have entailed.

As always, should further information be required, LSCT customer service team and operational personnel are at disposal, together with Contship Italia's commercial team.

Thank you for your continued support.

LSCT CUSTOMER SERVICE TEAM
